Dear Ivan

RE: WCD 10 YEAR ANNIVERSARY FUNCTION

I wanted to take this opportunity to thank you most sincerely for all the hard work you did in assisting putting the above event together.

For a medium sized entity to undertake a video production to be shown to all our clients and staff on the night was no small undertaking. With the assistance of you and your team it very smoothly and quickly came together so that by the end of it all we felt we had been doing this all our lives!

This fantastic effort was then suitably backed up by the staging and production you provided at the venue on the night so that everything went to plan. We have had nothing but rave reviews about the evening and the video and not only was it good for staff morale but great for business.

Our only problem now is creating another suitable occasion to do it all again!!

With many thanks on behalf of myself and my fellow Directors, Robert and Geoff.

Yours sincerely

Morag Fitzsimons
Director
